BIRTH HOROSCOPE FOR NEARY

YOUR OUTLOOK:

Your Ascendant is Aries, 20.39 Degrees, and is in Direct motion.

You are outspoken in your energetic approach to life. You act decisively in your determination to succeed. You forgive and forget. You are ardent in love.

It is in the Third Decan.

The natural expression of Aries is expanded by the planet Jupiter, the sub-ruler of this decan and the ruler of the sign Sagittarius.

ASPECTS (or Angles to Other Planets):

Your Ascendant is Squared to Mercury With an Orb of 1 Degrees.

You have problems expressing yourself and your ideas either by speech or in writing. You are unable to communicate with the public or others close to you. Your family may suffer as a result.

Your Ascendant is Trine to Venus With an Orb of 2 Degrees.

You have refined proper manners and a beautiful appearance. You are graceful and charming, and have good taste. You will attract a congenial mate, and probably will have a happy marriage.

Your Ascendant is Conjunct to North Node With an Orb of 0 Degrees (Exact Orb).

Unless your Ascendant or North Node are badly afflicted this aspect will help in your personal growth and development. Marriage and Partnerships may be difficult. You may have trouble getting cooperation or cooperating with others.

Your Ascendant is Opposition to South Node With an Orb of 0 Degrees (Exact Orb).

YOUR SELF EXPRESSION:

Your Sun is Cancer, 28.10 Degrees, and is in Direct motion.

Your sensitivity toward everything going on around you makes you susceptible to wide mood swings. Your greatest joy comes from taking care of family and home matters, or from sharing an emotional experience with a close friend.

It is in the Third Decan.

This intensifies compassion and heightens the psychic/mystical nature of Cancer. This decan also intensifies Cancer's natural secretive tendencies as well. This decan is sub-ruled by the planets Jupiter and Neptune, rulers of the sign Pisces.

Your Sun is in the Fourth House, Affecting Home and Family Life, Not On House Cusp and Less Important.

Your life is a struggle to acquire a showplace home, preferably on land you own. Things get easier later as you settle down to enjoy your close family in serene surroundings.

ASPECTS (or Angles to Other Planets):

Your Sun is Sextile to Moon With an Orb of 4 Degrees.

You enjoy a healthy and happy life with good friends, good habits, and a good marriage.

Your Sun is Conjunct to Mercury With an Orb of 6 Degrees.

You have a sound mind and enjoy using it in following either scientific or artistic pursuits.

Your Sun is Opposition to Jupiter With an Orb of 0 Degrees (Exact Orb).

You don't have terribly good luck or judgement and have difficulty keeping promises to others. Curb impulses.

YOUR EMOTIONS:

Your Moon is Gemini, 2.10 Degrees, and is in Direct motion.

As soon as something comes into your mind it goes right out your mouth, usually into a telephone (or even at an innocent bystander!). You propel yourself into a variety of things with unnerving bursts of nervous energy.

It is in the First Decan.

This intensifies the potential restlessness and superficiality inherent in the sign Gemini. This decan is ruled and sub-ruled by the planet Mercury, the planetary ruler of this sign.

Your Moon is in the Second House, Affecting Material Resources and Assets, Not On House Cusp and Less Important.

Your activities center on obtaining whatever it takes to assure your material comforts in a home setting. You enjoy the business world but you become uneasy if things stray too far from your comfortable routine.

ASPECTS (or Angles to Other Planets):

Your Moon is Trine to Jupiter With an Orb of 4 Degrees.

You have strong ties to your family and home. You always seem to have enough financial resources.

Your Moon is Squared to Saturn With an Orb of 2 Degrees.

You feel that you have been living under a dark cloud. Your childhood inhibitions make you uptight.

YOUR INTELLECT:

Your Mercury is Cancer, 21.41 Degrees, and is in Direct motion.

Your decisions are based on your selective perception of factors that focus on the subjective and emotional side of an issue. Your memory is excellent. It is your link with the comfortable feelings of the past.

It is in the Third Decan.

This intensifies compassion and heightens the psychic/mystical nature of Cancer. This decan also intensifies Cancer's natural secretive tendencies as well. This decan is sub-ruled by the planets Jupiter and Neptune, rulers of the sign Pisces.

Your Mercury is in the Fourth House, Affecting Home and Family Life, Not On House Cusp and Less Important.

Your home is usually the base of your business operations. You are well educated and use books or references in your professional life. You gravitate toward real estate or the environmental sciences.

ASPECTS (or Angles to Other Planets):

Your Mercury is Opposition to Jupiter With an Orb of 5 Degrees.

Your expansive ideas are usually beyond the realm of practical implementation. Be more practical.

Your Mercury is Squared to North Node With an Orb of 0 Degrees (Exact Orb).

You are at an intellectual disadvantage in the areas that concern the North Node. Your ideas may be either ahead of or behind the times. You also create problems because of your inability to correctly phrase your thoughts.

Your Mercury is Squared to South Node With an Orb of 0 Degrees (Exact Orb).

You probably will have difficulty overcoming the limitations of your South Node, due to the intellectual disadvantage imposed by this aspect.

YOUR ROMANCE:

Your Venus is Leo, 23.31 Degrees, and is in Direct motion.

When you are attracted to someone, she or he soon knows it. Your lavish display of affection extends from the playful to the lavish. You are a born romantic who needs someone to play opposite you in an extended courtship.

It is in the Third Decan.

This decan gives the sign Leo a greater courage and assertiveness and independence than the other two decans of Leo allow. This decan is sub-ruled by the planet Mars, the ruler of the sign Aries.

Your Venus is in the Fifth House, Affecting Pleasurable Pursuits, Not On House Cusp and Less Important.

Your activities center on the pursuit of pleasure. Your affectionate nature and sunny disposition lead you to many pleasant love affairs, one of which ends in a happy marriage with lovely, loving children.

ASPECTS (or Angles to Other Planets):

Your Venus is Sextile to Mars With an Orb of 5 Degrees.

You find it easy to be compatible with most people. With you simple affection can become sensuous.

Your Venus is Trine to North Node With an Orb of 2 Degrees.

You relate well with people on a social level. You are keenly aware of current social and economic trends. You exercise good timing in making financial decisions.

Your Venus is Sextile to South Node With an Orb of 2 Degrees.

Your social contacts help you overcome the limitations imposed on you by your South Node position.

YOUR PASSION:

Your Mars is Gemini, 28.41 Degrees, and is in Direct motion.

You have a quick mind and prefer the direct (outspoken!) approach in dealing with people. You enjoy matching wits with a worthy intellectual rival. You are resourceful but restless--sexually superficial at times.

It is in the Third Decan.

This decan adds to the mental expression of Gemini and gives it more spontaneity and unpredictability. This decan is sub-ruled by the planet Uranus and Saturn, rulers of Aquarius. This is rather important in that the planet Uranus is a higher octave of the planet Mercury.

Your Mars is in the Third House, Affecting Intellect and Communication, Not On House Cusp and Less Important.

You have a keen mind that enjoys the test of intellectual competition or the challenge of emergency situations. You would enjoy the political scene or investigative journalism. You quarrel with siblings.

ASPECTS (or Angles to Other Planets):

Your Mars is Sextile to Saturn With an Orb of 5 Degrees.

You don't mind starting at the bottom, since you are confident of your ability to reach the very top.

Your Mars is Conjunct to Uranus With an Orb of 3 Degrees.

Your mind craves excitement and adventure. You are too high strung to handle the emotional pressure.

YOUR LUCK:

Your Jupiter is Capricorn, 27.15 Degrees, and is in Retrograde motion.

Your conduct is always above reproach, whether in your social or business life. You can be trusted in the most responsible positions--that you often hold as a result of your drive for power and status.

As a result of Jupiter having been in retrograde motion, you are slow to make changes in your life style and cautious about accepting the newest codes of morality. Your strong moral convictions are rooted in the deep soil of your impressionable childhood.

It is in the Third Decan.

This decan tends to give more flexibility and common sense to Capricorn, also lessening their dogmatic tendencies. This decan is sub-ruled by the planet Mercury the planetary ruler of the sign Virgo.

Your Jupiter is in the Tenth House, Affecting Worldly Affairs, Not On House Cusp and Less Important.

You are headed for a successful career. You bring spiritual values into your business dealings, quietly doing good deeds which later bring you rich rewards. You deserve them.

YOUR INHIBITIONS:

Your Saturn is Virgo, 4.18 Degrees, and is in Direct motion.

You meet your responsibilities as though your life depended upon it. You are meticulous in your attention to detail, and distrustful of others who are less thorough than you. Guard against nagging others.

It is in the First Decan. It is in a *Critical Degree* making it a planet to watch.

This decan strengthens the discrimination, perception, fastidiousness, and sensitivity to detail that are Virgo's natural tendencies. This decan is ruled and sub-ruled by the planet Mercury, planetary ruler of this sign.

Your Saturn is in the Fifth House, Affecting Pleasurable Pursuits, Not On House Cusp and Less Important.

You have a deep sense of responsibility toward the care of children--especially concerning their education. Your romantic life is beset with obstacles, many of which are because of your "reserve".

ASPECTS (or Angles to Other Planets):

Your Saturn is Sextile to Uranus With an Orb of 1 Degrees.

You are an excellent organizer with the will-power necessary to run large public organizations.

YOUR CHANGE AND ADVANCEMENT:

Your Uranus is Cancer, 2.23 Degrees, and is in Direct motion.

You look for new ways to express your feelings--bypassing the restraints of traditional taboos. This may lead to an early departure from your parents' home. You have to guard against emotional instabilities.

It is in the First Decan.

This intensifies the natural nurturing, protective, emotional tendencies of the sign Cancer. This decan is ruled and sub-ruled by the Moon, the planetary ruler of Cancer.

Your Uranus is in the Third House, Affecting Intellect and Communication, Not On House Cusp and Less Important.

You seem to have a psychic antenna that keeps you well informed about what's going on. You are interested in the unusual--especially mystic teachings. You have a strong need for intellectual friends.

YOUR IMAGINATION:

Your Neptune is Libra, 12.36 Degrees, and is in Direct motion.

This generation faces the stresses of changing social and moral standards. It's torn between the desire for conformity and the impulse for novelty.

It is in the Second Decan.

This gives Libra a stronger sense of freedom and independence than is generally true of Libra. This does not though, upset the basic unity and cooperation that is inherent to Libra. This decan is sub-ruled by the planets Uranus and Saturn, planetary rulers of the sign Aquarius. Note that if the Saturn influence dominates, this will tend to stabilize Libra.

Your Neptune is in the Sixth House, Affecting Health and Work, Not On House Cusp and Less Important.

You have latent psychic abilities that can be easily developed--placing you in the position of having to choose wisely in how you will use them. You have a psychic link with pets and animals.

ASPECTS (or Angles to Other Planets):

Your Neptune is Sextile to Pluto With an Orb of 2 Degrees.

Yours is a generation of mystically oriented individuals, each of you psychic to some degree.

Your Neptune is Squared to Medium Coeli With an Orb of 0 Degrees (Exact Orb).

This aspect creates situations that may disrupt your career and reputation. You have vague career goals and run away from problems.

Your Neptune is Squared to Imum Coeli With an Orb of 0 Degrees (Exact Orb).

This creates situations that may disrupt your home life. You tend to avoid dealing with your family problems and responsibilities.

YOUR SPIRITUAL REBIRTH:

Your Pluto is Leo, 15.33 Degrees, and is in Direct motion.

This generation focuses on the struggle for power and world leadership--especially on the complex problems caused by the boom of nuclear power.

It is in the Second Decan.

This decan gives the sign Leo a freer and more versatile expression of its natural tendencies. This decan is sub-ruled by the planet Jupiter, planetary ruler of the sign Sagittarius.

Your Pluto is in the Fifth House, Affecting Pleasurable Pursuits, Not On House Cusp and Less Important.

You express your creative urges through art and strong emotional involvements. You are domineering in romantic relations--causing fits of jealousy. You love the excitement of speculation or gambling.

YOUR DESIRE TO IMPROVE:

Your North Node is Aries, 20.46 Degrees, and is in Direct motion.

You need more initiative and self-assertion to overcome your tendency to rely too heavily on others.

It is in the Third Decan.

The natural expression of Aries is expanded by the planet Jupiter, the sub-ruler of this decan and the ruler of the sign Sagittarius.

Your North Node is in the First House, Affecting Individual Identity, On House Cusp and More Important.

This brings out the positive parts of your personality as well as helping you to develop your natural abilities. Experiences in your life help you to grow.

YOUR INEFFECTIVE BEHAVIOR:

Your South Node is Libra, 20.46 Degrees, and is in Direct motion.

Your indecision and a failure to strike out on your own are acting to limit your growth in life.

It is in the Third Decan.

This tends to give the sign Libra flexibility and versatility but can also add restlessness. It also sharpens the intellectual expression. This decan is sub-ruled by the planet Mercury, the planetary ruler of the sign Gemini.

Your South Node is in the Seventh House, Affecting Interaction With Society, On House Cusp and More Important.

You have problems interacting with people in partnerships and marriage. You need to overcome selfish behavior that will hamper your relationships.

YOUR CAREER:

Your Medium Coeli is Capricorn, 11.45 Degrees, and is in Direct motion.

You have a strong ambition and seek a career with public stature. You are very conscious of your reputation in your community and act to protect it from injury.

It is in the Second Decan.

This decan tends to strengthen the selfish, materialistic tendencies of Capricorn. This decan is sub-

ruled by the planet Venus, the planetary ruler of the sign Taurus.

YOUR HOME LIFE:

Your Immum Coeli is Cancer, 11.45 Degrees, and is in Direct motion.

You are very attached to your roots, though you may move much, you may eventually move back to your birthplace.

It is in the Second Decan.

This intensifies the Cancer tenacity. The influence of Pluto helps turn Cancer's tendencies to sensitivity toward creative expression but may increase problems. This decan is sub-ruled by the planets Pluto and Mars, rulers of the sign Scorpio.

YOUR FORTUNE:

Your Part of Fortune is Aquarius, 24.39 Degrees, and is in Direct motion.

Provided your Part of Fortune is not afflicted, you probably would be successful in areas related to scientific study or inventions.

It is in the Third Decan.

This decan tends to warm up the otherwise cool and aloof Aquarian personality. This decan also promotes a greater acceptance of the "Aquarian School of Thought". This is sub-ruled by the planet Venus, planetary ruler of the sign Libra.

Your Part of Fortune is in the Eleventh House, Affecting Friends and Organizations, Not On House Cusp and Less Important.

Areas of interest would be friends and associations, colleagues, associations, and companions. Also affected are the person's hopes and wishes.

SUMMARY:

Count of Signs:

Aries	0	Taurus	0
Gemini	2	Cancer	3
Leo	2	Virgo	1
Libra	1	Scorpio	0
Sagittarius	0	Capricorn	1
Aquarius	0	Pisces	0

Count of Planets in Genders:

Masculine Signs	5	Feminine Signs	5
-----------------	---	----------------	---

You are a well-balanced person. You are well aware of your inner needs and you know how to take care of them. You are patient and can endure unpleasant circumstances, yet you have the courage to change them forcefully when necessary. Although you enjoy being the center of stage, it doesn't bother you to step aside to let someone else have a turn in the limelight. Your occasional bouts with depression don't bother you because you know that you will soon be back up there, feeling like a million.

Count of Planets in Elements:

Fire Signs	2	Earth Signs	2
Air Signs	3	Water Signs	3

You are a well-balanced person. Enthusiasm will be tempered by practicality, and logic will be tempered by emotions. You can get very excited about planning a vacation, or you can cancel a vacation without remorse if it becomes necessary to do so. You think things out carefully before coming to a decision; but you can also make a decision impulsively. You live your life in the here-and-now,

unconcerned by memories of the past or warnings of the future.

Count of Signs in Qualities:

Cardinal Signs	5	Fixed Signs	2
Mutable Signs	3		

You are well balanced between getting things started, helping to keep them going or keeping them on the track against changing circumstances. You can come up with new ideas, yet you do not become so attached to them that you can't change your mind in the face of new circumstances or unforeseen problems. You can be just as effective as a team player or a team leader. You handle both positions equally well.

Count of Houses:

House #1	0	House #2	1
House #3	2	House #4	2
House #5	3	House #6	1
House #7	0	House #8	0
House #9	0	House #10	1
House #11	0	House #12	0

Count of Planets in Various Hemispheres:

North Houses	9	South Houses	1
East Houses	4	West Houses	6

You are energetic in your pursuit of a wide range of interests. These interests are usually focused on social issues rather than personal pursuits. In fact, you are annoyingly aloof when it comes to personal relationships. It is difficult for you to share your inner life with someone else. That's because you are hardly aware of your own inner feelings. They are less interesting to you than what's going on out in the "real world". That's where the action is, and that's where you want to be! Your interest and dedication come to life when you can link up with some global cause. You thrive on the causes that promise to bring about the greatest social change. Chances are good that you are into energy, ecology, and the nuclear threat. Your involvements will not include antisocial behavior since you have a strong need to maintain the appearance of respectability. That goes hand in hand with your need for recognition of your natural leadership abilities. These leadership abilities are often recognized and rewarded soon after you have had the opportunity to prove them.

Count of Functional Houses:

Individual Houses	3	Relative Houses	2
Temporal Houses	3	Terminal Houses	2

You are a well-balanced person. Enthusiasm will be tempered by practicality, and logic will be tempered by emotions.
